Flagger's Condition
Cause of Alarm

PALE BEACH, Fla., March 14.—Desolate reports that Henry M. Flagger, oil capitalist and owner of the Florida East Coast railway, is recovering from injuries caused by a recent fall, there is reason to believe that his condition is such as to cause alarm.

Mr. Flagger fell three weeks ago and it was reported that his hip was broken. This report was denied, but it is not admitted that his hip is fractured. He has been confined to his bed ever since, owing to his advanced age—over eighty—his friends are not optimistic.

POLICE JUDGE TO GET HIS BACK PAY

Alexandria Official Will Be Able to Collect Year's Salary, Following Decision of Virginia Court of Appeals.
Canton Elects Department Members.

WASHINGTON TIMES BUREAU.
ALEXANDRIA, VA., MARCH 14.—As a result of a decision handed down by the supreme court of appeals yesterday, Police Justice C. Gordon Finney, of Alexandria county, will be able to collect his back salary held up for the past twelve months by the state auditor at the request of Attorney General Samuel W. Williams, of Richmond.

The supreme court yesterday dismissed the application of W. B. Settle, an Alexandria county attorney, for a writ of habeas corpus and in doing so declared the act of the legislature creating the office of police justice in Alexandria county was constitutional.

Mr. Finney was appointed over a year ago at a salary of \$900 per annum, under the act which provided that counties having more than 300 persons to the square mile could have a police justice who would have jurisdiction over police questions.

Mrs. Elizabeth Della, seventy-five years old, died at the Alexandria Hospital this morning at 2 o'clock. She is survived by several children.

The supreme court of appeals yesterday handed down a decision reversing the corporation court of this city in the suit of Miller against Norton and Smith, receivers of the Virginia Safe Deposit and Trust Corporation. Miller had made claim to certain offsets which the receivers refused to allow, and their action was sustained by the court in this city.

At a meeting held last night by the Alexandria No. 1, Patriarchs Militant, the following delegates were elected to the department commandery: Daniel T. Hall, and Miss Eleanor Drury.

The subject of the stereoscopic sermon to be delivered by the Rev. J. W. Skellenger at the First Presbyterian Church Sunday, March 17, is "The Rev. Mr. Skellenger has been delivering a series of illustrated sermons each Sunday night during the present month, and they have been drawing large congregations."

DR. NEILL IS LAUDED AT LABOR SESSION

Child Committee Commends His
Record, and Booms Him
For Reappointment.

WASHINGTON TIMES BUREAU.
ALEXANDRIA, VA., MARCH 14.—The national child-labor committee has come to the re-enforcement of Dr. Charles P. Neill, who is being opposed for confirmation as Commissioner of Labor Statistics by Senators Tillman and Overman because they allege he prepared a child-labor report unfair to the South.

The national child-labor committee, in session at Jacksonville, Fla., with delegates present from all over the country, South as well as North, has adopted resolutions strongly commending the work of Dr. Neill. It is likely this will have an influence in bringing about Dr. Neill's confirmation, which has been held up temporarily.

The Resolutions.
Following are the resolutions which, according to a dispatch to The Times, were unanimously adopted:

"We, the members of national child labor committee, in national conference assembled at Jacksonville, Fla., Thursday, March 13, 1913, with delegates present from all Southern States as well as from the North, East and West, twenty-six States in all, and supported in this action by the unanimous vote of a mass meeting of the citizens of Jacksonville, Fla., do hereby adopt the following resolutions:

CAPT. SCHLEY NAMED ON UTILITIES BOARD

Appointed Temporarily Chief
Executive Officer and Will
Plan for Supervision.

ANNOUNCEMENT was made today of the appointment of Capt. Julian L. Schley, Assistant Engineer Commissioner, as executive officer of the Public Utilities Commission. Captain Schley will be relieved of certain of his other duties and will devote his time to drawing up a plan for the supervision of the public utilities corporations. He will be assisted by H. C. Eddy, engineer, formerly of the District Electric Railway Commission, who will, however, for the present occupy himself principally with the problems connected with street car traffic.

Commissioner Schley said this morning that Captain Schley's appointment is temporary. He will receive no additional compensation to his salary as Assistant Engineer Commissioner. Realizing that it has a large task ahead of it and with only \$100,000 at its disposal, the Public Utilities Commission is fully organized and in working order. The commission will appoint an executive officer whose sole duty will be in connection with public corporations.

Daniel E. Gargan, chief clerk of the Engineer Department, has been assigned as acting secretary of the commission without additional salary.

Engineer Eddy was engaged today in arranging the affairs of his office in the District building, to which has been relating to street railways gathered by the District Electric Railway Commission. Several cases against the Washington Railway and Electric Company for alleged violation of the regulations adopted by the Interstate Commerce Commission, which were set for a hearing in Police Court today, were postponed until March 27.
